## Projects

### Digital Habit Tracker Dapp | React.js, Tailwind CSS, Node.js, IOTA, IndexedDB

Apr 2025

A decentralized application designed to help users build and maintain positive habits through a gamified experience. Users can log daily habits, track progress, and earn points redeemable for rewards or donations. The application supports both guest and wallet connected modes. Ensuring accessibility for all users.

### AI Content Verifier dApp | ReactJS, Next.js, Solidity, Viem, Hardhat, Tailwind CSS, Sepolia, Alchemy

Feb 2025

Developed a decentralized application (dApp) that verifies AI-generated content using blockchain. The system enables users to submit text, which is hashed and recorded on the Ethereum blockchain via a Solidity smart contract. Users can later check if content has already been verified, ensuring authenticity.

## Achievements

• Solved 70+ DSA problems on TakeUForward.

Dec 2024

• UR-Hackathon 2.0(2<sup>nd</sup> place), issued by WEB3FORALL

Feb 2023

• Cleared NPTEL Cloud Computing Exam

Feb 2024

• Cleared JEE Mains and with considerable percentile.

Oct 2021

JEE Mains : 89 percentile.

## Trainings

### Summer Training In Cloud Computing| GOKboru Tech Pvt. Ltd

Dec 2023

Completed a 7-week hands-on course covering key cloud concepts including virtualization, storage, networking, and cloud architecture. Gained practical experience with AWS and Google Cloud, focusing on scalable deployments and cost-efficient solutions in modern application development.

## Skills

**Technical Skills:** Java, Solidity, AI, CSS3, ReactJS, Node.js, Git ,GITHUB ,AZURE ,AWS ,VARCEL

**Soft Skills:** Problem-solving Skills, Communication Skills, Creative thinking , Team Player

## Education

### Lovely Professional University

2022

Bachelor of Technology (Computer Science and Engineering); CGPA: 7.5

Jalandhar, Punjab
